Product Catalog 2023-2024

Compressor Nebulizer

NB-610

- Concise and Streamline Design
- Highly Effective Delivery of Medicine
- Quiet while operating and ideal for children
- Removable air and dust filters for proper cleaning
- Availability of a variety of masks for different age groups
- Convenient one button press dose administration
- Portability and convenience for home and clinical use
- Max capacity of nebulizer kit: 10 ml

Device Dimension:	Approx. 330 x 200 x 138 mm
Weight:	Approx. 1.9 kg

Compressor Nebulizer

NB-619

- Compact size and ideal design
- Quiet while operating and ideal for children
- Convenient one button press dose administration
- Portability and convenience for home and clinical use
- Removable air and dust filters for proper cleaning
- Availability of a variety of masks for different age groups
- Max capacity of nebulizer kit: 10 ml

Device Dimension:	Approx. 280 x 180 x 88 mm
Weight:	Approx. 1.4 kg

Ultrasonic Nebulizer

NB-910M

- Take full advantage of medicine
- One-button operation for easy use
- Portability and convenience for home and office use
- Automatic shutdown without liquid
- Low battery indicator and availability of masks
- Max/Min. Liquid Volume: 8 ml/0.5 ml

Device Dimension:	Approx. 120 x 60 x 45 mm
Weight:	Approx. 117 g

Compressor Nebulizer

NB-612

- Ideal design
- Quiet while operating and ideal for children
- Portability and convenience for home use
- Convenient one button press dose administration
- Availability of a variety of masks for different age groups
- Max capacity of nebulizer kit: 10 ml

Device Dimension:	Approx. 195 x 135 x 92 mm
Weight:	Approx. 1.3 kg

Ultrasonic Nebulizer

NB-912M

new

- Ultra-light design and Ultra-low noise
- Take full advantage of medicine
- One-button operation for easy use
- Portability and convenience for home and office use
- Automatic shutdown without liquid
- Cleaning mode
- Max/Min. Liquid Volume: 8 ml/0.5 ml

Device Dimension:	Approx. 98 x 73 x 45 mm
Weight:	Approx. 90 g

Compressor Nebulizer

NB-623

- Ideal design
- Quiet while operating and ideal for children
- Convenient one button press dose administration
- Portability and convenience for home use
- Availability of a variety of masks for different age groups
- Max capacity of nebulizer kit: 10 ml

Device Dimension:	Approx. 162 x 132 x 99 mm
Weight:	Approx. 1.1 kg

Ultrasonic Nebulizer

NB-913M

new

- wearable mesh nebulizer
- Ultra-light design and Ultra-low noise
- Automatic shutdown without liquid
- Portability and convenience for home use
- Cleaning mode
- Max/Min. Liquid Volume: 6 ml/2 ml

Device Dimension:	Approx. 54 x 44 x 36 mm
Weight:	Approx. 45 g

Upper Arm Blood Pressure Monitor

BP-430

- Extra-large LCD display with backlight
- START/STOP button
- 2 x 90 sets memory function
- Voice function
- Average calculation for the last 3 measurements
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Date and time display
- Low battery indicator
- Automatic power-off function
- Batteries: 4 x 1.5V AA

Upper Arm Blood Pressure Monitor

BP-462

new

- Large LCD display
- 2 x 90 sets memory function
- Average for the last 3 measurements
- Inflation Measuring Technology (IMT)
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Low battery indicator
- Universal cuff 22-42cm (Optional)
- Batteries: 4 x 1.5V AAA - Micro USB

Upper Arm Blood Pressure Monitor

BP-420

- Large LCD display with backlight
- START/STOP button
- 2 x 90 sets memory function
- Average calculation for the last 3 measurements
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Date and time display
- Low battery indicator

Upper Arm Blood Pressure Monitor

BP-469

new

- Large LCD display
- 2 x 90 sets memory function
- Average for the last 3 measurements
- Movement error indicator
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Automatic power off
- Batteries: 4 x 1.5V AAA - Type-C

Upper Arm Blood Pressure Monitor

BP-498

- Extra-large LCD display
- 2 x 90 sets memory function
- Average for the last 3 measurements
- Movement error indicator
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Cuff Check Indicator
- LCD Size: 87 mm x 99 mm
- Type-C

Wrist Blood Pressure Monitor

BP-425

- Large LCD display
- 2 x 90 sets memory function
- Average calculation for the last 3 measurements
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Date and time display
- Automatic power-off function

Wrist Blood Pressure Monitor

BP-435

- Large LCD display
- 2 x 90 sets memory function
- Voice function
- Average calculation for the last 3 measurements
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Date and time display
- Automatic power-off function
- Batteries: 2 x 15V AAA

Wrist Blood Pressure Monitor

BP-352

- Large LCD display
- 2 x 90 sets memory function
- Average for the last 3 measurements
- Date and time display
- Blood pressure classification (WHO) indicator
- Irregular heartbeat (IHB) indicator
- Unique Wrist Pillow Design
- Low battery indicator

Digital personal scale

PS-7010

- High precision strain gauge sensor
- Weight capacity: 180kg/396lb
- Digital LCD display
- Easy to read
- Batteries: 2 x 15V AAA
- Fully automatic boot
- Unit: kg/lb
- Auto on & Auto off
- Low power & Overload indication

Digital personal scale

PS-7020

- High precision strain gauge sensor
- Weight capacity: 180kg/396lb
- Digital LCD display
- Easy to read
- Batteries: 2 x 15V AAA
- Fully automatic boot
- Unit: kg/lb
- Auto on & Auto off
- Low power & Overload indication

Digital Thermometer Forehead

- Large display
- Light-design, easy to use
- Temperature unit °C and °F
- Non-contact measurement
- Measurement of body, Object
- Memory capacity for 32 measurements
- Measuring distance: within 3 cm
- Batteries: 2 x 15V AAA

Dimension:	Approx. 166 x 43 x 44 mm
Weight:	Approx. 90g include batteries

DT-130

Digital Thermometer

DT-110

- Digital LCD display
- Fast, accurate measurement
- Beeper alarm when peak temperature is reached
- Last reading memory display
- Automatic power-off function
- Low voltage warning
- ± 0.1°C/0.2 °F accuracy and fast response
- Easy to read
- Water-resistant
- Flexible tip

DT-112

- Digital LCD display
- Beeper alarm when peak temperature is reached
- Last reading memory display
- Automatic power-off function
- Low voltage warning
- ± 0.1°C/0.2 °F accuracy and fast response
- Easy to read
- Water-resistant
- Flexible tip

DT-111

- Digital LCD display
- Fast, accurate measurement
- Beeper alarm when peak temperature is reached
- Last reading memory display
- Automatic power-off function
- Low voltage warning
- ± 0.1°C/0.2 °F accuracy and fast response
- Easy to read

DT-113

- Digital LCD display
- Beeper alarm when peak temperature is reached
- Last reading memory display
- Automatic power-off function
- Low voltage warning
- ± 0.1°C/0.2 °F accuracy and fast response
- Easy to read

Humidifier

- Ultrasonic cool mist
- Seven color light
- Adjustable mist control
- With Aromatherapy bottle
- Capacity 2.3L

HF-310

Pulse Oximeter

PX-100D

- Large display
- OLED display
- Fingertip pulse oximeter
- SpO2 and pulse rate display
- One-touch operation
- Simple and easy to use
- Lower consumption
- Low voltage reminder
